

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

Entered at Stationers' Hall.

PREFACE.

In issuing the following Tables to the public, the Author feels that he is absolved from making any remarks by way of apology, from the fact that a work of this description has for many years been an acknowledged want. It has long been the desire of Manufacturers and Tradesmen generally to possess a work which would serve as a *reliable* Book of Reference, and thereby facilitate business in the payment of wages, &c. The Author anticipates the following pages will in a great measure supply the long-felt desideratum, and prove useful to the general public. Correctness will be found to be one of its chief characteristics. The Tables have been arranged in shillings, pence, and decimal-parts of a penny. The amount for 12 days is that given for 11 days 10 hours.

The following are decimal-parts of a penny and their values:—

d.	d.	d.	d.	d.	d.	d.	d.	d.	d.					
·0	==	0	·2	==	0	·4	==	0½	·6	==	0½	·8	==	1
·1	==	0	·3	==	0½	·5	==	0½	·7	==	0½	·9	==	1

The following shows how these Tables may be applied to the carriage of goods, from ½ cwt. to 6 tons, at from 8d. to 13s. 4d. per ton, by making—

The ½ Hour == the ½ Cwt.

The 1 „ == the 1 Cwt.

2 Days, or 20 Hours == the 1 Ton.

The book also contains Tables of Rates from a farthing to six shillings and eightpence per article.

Should the work as a whole answer the object for which it was designed, and be of service to those for whom it was more especially prepared, it will be deemed ample reward by,

THE AUTHOR.

BOLLINGTON, October, 1871.

MACCLESFIELD :
PRINTED BY T. AND S. WRIGHT, MILL STREET.

1. The first part of the paper discusses the importance of the study of the history of the United States. It is argued that the study of the history of the United States is essential for a full understanding of the country and its people. The paper then discusses the importance of the study of the history of the United States in the context of the current political and social climate.
